

BRIDGE THE GAP AT 52ND STREET

HELP COMPLETE A CRITICAL CONNECTION ON THE GREENBELT

A new pedestrian bridge spanning the Boise River will connect the Greenbelt at 52nd Street, eliminating a dangerous detour and creating a safer, continuous pathway for the community.

THE PROJECT

Foundation for Ada/Canyon Trail Systems (FACTS), in partnership with Garden City and Ada County, has secured \$2.18 million in federal funding to construct a new pedestrian bridge linking 52nd Street to Plantation Island.

This long-planned connection will:

- Remove a half-mile on-street detour
- Improve safety for pedestrians and cyclists
- Expand access across the Treasure Valley Greenbelt system

WHY THIS MATTERS

SAFER ROUTES

Eliminates travel along roads without sidewalks or bike lanes.

SUPPORTS GROWTH

Provides access to the new Park at Expo and Athletic Club Boise Soccer Stadium.

CONNECTS COMMUNITIES

Links pathways between Garden City, Boise, Eagle, and beyond.

ENHANCES QUALITY OF LIFE

Encourages active transportation, recreation, and regional connectivity.

HELP CLOSE THE FUNDING GAP

To move forward, FACTS is raising

\$130,000

in local matching funds.

\$17,710

due August 1, 2026 (design phase)

\$112,290

due August 1, 2027 (construction phase)

Your support is essential to unlocking these federal funds and keeping the project on track.
